+ SURVIVING CRITICAL ILLNESS

Cancer, heart attacks, strokes and Alzheimer's disease touch millions of American families every year. Thanks to the miracles of modern medicine, we are surviving life threatening illnesses at much greater rates and living longer than ever before. The costs associated with treatment and recovery though can be staggering.

A SAFETY NET FOR STEVE....

Steve has vivid memories of his father moving into a nursing home. After the second stroke, his mother was overwhelmed and needed help. Unfortunately, they did not have insurance that covered care in a nursing home or assisted living facility.

As a result of the emotional and financial burden of helping his parents cope during this challenging time, Steve began to search out his own insurance options to avoid burdening his family should a need for extended care arise in his future.

He was disappointed though to learn that because of his diabetes he could not qualify for traditional long term care coverage.

Luckily, Steve heard about Critical Cash.™ With the simple application process, Steve was able to secure his plan quickly.

Now Steve rests easier knowing that protection is in place to help him when he and his family may need it most.

BENEFITS FOLLOW THE PROGRESSION OF CARE COSTS

A CLAIM EXAMPLE*

Bob purchased a policy with a \$1,000 Monthly Base Benefit, a \$5,000 Monthly Facility Benefit and an 18 Month Benefit Period. Bob had a stroke and was able to stay at home for 3 months. Then his care needs progressed and he was admitted into a nursing home for 15 months.

- **First 3 Months at Home** – Bob chooses a lump sum payout of \$18,000 (18 months x \$1,000)
- **Next 15 Months in a Nursing Home** – \$5,000/month for 15 months equals \$75,000

Total Benefits Paid For This Claim: \$93,000

**For example purposes only – not an actual case*

FIRST-DAY CASH BENEFITS MEAN NO SURPRISES AT CLAIM TIME.

- Use cash for absolutely anything you desire
- No Elimination Periods
- Pays regardless of other insurance
- Full, cash benefits paid regardless of actual expenses – no receipts
- Multiple claim potential
- Benefits paid even if you get better or pass away

+ YOU CAN CLAIM MULTIPLE TIMES WITH BUILT-IN RESTORATION OF BENEFITS

The Benefit Period will be fully restored 12 months following the end of the prior benefit period. The Restoration of Policy Benefits does not apply to Alzheimer's Disease or Paralysis and is subject to the Lifetime Maximum Benefit.

LIFETIME MAXIMUM BENEFIT

Lifetime Maximum Benefit is equal to three times the maximum benefit amount available per Benefit Period. This is determined by adding your Monthly Base Benefit amount to your Monthly Facility Benefit amount, multiplying the sum by the number of months in your Benefit Period and then multiplying that total by three.

OPTIONAL RETURN OF PREMIUM BENEFIT*

If this rider is selected, your named beneficiary (or estate) will receive a return of any premiums paid (less any claims paid), if this rider is in force and you pass away before the first policy anniversary which follows your 80th birthday.

**Return of Premium may not be available in all states. Please refer to the outline of coverage for specific details.*

EXTRA PROTECTION FOR NANCY & TOM* ...

Nancy and Tom prided themselves that they had planned ahead and purchased long term care insurance protection nearly 20 years ago.

However, a recent insurance review revealed that their existing policy benefits would not cover a large enough portion of today's higher care costs. Plus, their declining health made it impossible for them to add additional coverage to their existing health insurance policy.

Luckily, they learned about the Critical Cash™ policy. With its first-day cash benefits at home - and increased benefits for facility care -- Critical Cash™ proved to be a great complement to their existing insurance coverage.
